

My End of Year Reflection July 2024

For my last year here in Cherry Tree school I feel like I have achieved so much.

I have seen an improvement in my English and Maths and when I first started I did not like reading as much but now I have read two books. And I feel like my writing has got better in English and I think that my Maths has got better.

I feel like my last year was the best experience I ever had in any other school. Cherry Tree school gives you so many opportunities. I am happy I took them because they are going to make a difference in my life.

I don't know what I would do without Cherry Tree, it means so much to me. It is like a big family to me. I feel so supported at Cherry Tree school. In September I will be going to college and I will miss Cherry Tree very much but I guess I got to move on to a new chapter in my life. It's an exciting time for me in September. They help me build up my confidence, they did this by listening to me and talking to me.

At Cherry Tree, I like doing odd jobs in the garden with Soo and I like painting the shed. I have made some new friends and Emma's lunches are the best and all the of the staff are so supportive of the pupils in Cherry Tree. And pupils are supportive of each other.

Thank you Soo, Emma, the staff and the pupils.
