

My End of Year Reflection July 2024

I am now coming to the end of my first year at Cherry Tree and the best thing I've done this year is overcome my shyness when trying to talk to people as I really struggled with it when I started Cherry Tree. My confidence was low and I didn't talk much. I was anxious about starting somewhere new because I found it hard when my previous school closed. I did like my old school but this school is more quiet.

I love everything about the school. My favourite being maths and break time. I like how everyone is kind and helpful to each other; that includes the staff and pupils. I feel that if someone was mean to me it would be immediately sorted out and wouldn't be allowed. The school has helped me become more confident and to get the bus on my own, to and from school. I am proud of myself for it. The pupils and staff are really caring, which makes me happy. I still find talking tricky but I have been brave and spoken to some of my teachers.

I find Emma and Will very funny. I can not wait to slate Emma next year and do more maths and try to complete my 5th math book and see Soo. I will see Monique to try to complete my second English book and science book. I can not wait come back to school to learn and to complete my "grandma" folder (this is my funny name for my folder in English that helps me spell, write and use "grammar").
