

My End of Year Reflection

This is my fourth year at Cherry Tree. I learn a lot in my lesson like Maths, English and PE. I like PE because it is fun and I do physical activities like football out of school. Staff and pupils are supportive and caring of everyone at Cherry Tree. Before Cherry Tree, I went to a bad primary school but I am now 15 and I have done my Entry Level 3 Speaking and Listening units this year. I am aiming for Level 1 in English and Level 1 in Maths next year. I'm coming up to my last year at Cherry Tree and it is scary to be leaving in 2026 but I hope to go to college to study car mechanics and in the future to open a garage to work on cars and motorbikes. I hope not to feel sad or just keep on smiling. Emma speaks to me a lot about things in my one-to-one sessions like my family who I really want to see. I like that I can go out with Emma to help her. I can learn how to buy things in a shop. This year I have got a certificate for the first aid defibrillator training which I am proud of. I also enjoy learning now and my peers say I have got a better attitude to my lessons. I am proud of the boy I'm becoming. I am more independent with my home life and school. I got to talk to old people at the elderly care home we support and I like this. Thank you for the year I've had, I've had lots of fun.
