

## **My End of Year Reflection**

This is now the end of my first year at Cherry Tree and I love it here. When I first came to Cherry Tree, I didn't speak much English and found it hard to communicate to others. I didn't know how to take turns or wait when people were talking. I struggled to choose different things and what I liked including what I wanted for lunch. My favourite lunch is jacket potato with cheese and onion and now I can say: I would like...! My teacher and my friends help me to choose things as well as showing me how to play games with them by taking turns. My friends and my teachers are really proud of me and they love how I am always smiling. I love finding out what everyone is having for lunch and what they did on the weekend. Cherry Tree school is brilliant! I am excited for the pantomime!

My teacher helped me to write this and added in some things that they have noticed about me.
